## Fact —OR— Favor

WHICH of these governs your buying? Do you buy where you buy the best goods, pay the least money for them and receive the best attention, or do you buy at a certain store simply because you are in the habit of so doing? If the latter, is it not time for you to change to the best store—

McClure's

### Best Goods.

For thirty-five years we have had a reputation for selling only reliable goods. You could not buy trash in this store if you wanted to—we simply will not handle it. When you take any article away from this store it must give you satisfaction—our reputation is behind this guarantee. Is not this worth something to you?

### The Least Money.

We buy for cash, and in large quantities. And these two things always purchase cheaper than time and small quantities. So we claim that we are in a position to give you better goods for the same money and that we are not only in a position to do this but that we do it. Is not this worth something to you?

R. K. McCLURE & SON  
212-214 ST. CLAIR ST.

FRANKFORT, KY.

### Best Attention.

No house in Frankfort ever had such a force of competent salesmen as we. No matter what you wish you are waited on by a salesman who knows and who is acting under positive instruction from us to let nothing go out from this store that is not fully up to our standard in both fit and style as well as quality. Is not this worth something to you?

So If It Is  
Clothing or Shoes  
you want, do not these facts  
tell you that you want them  
from us?

### UNFORTUNATE ACCIDENTAL SHOOTING.

On Sunday last two lads at the home of Mr. Scott Hampton, who lives near the mouth of Elkhorn, were fooling with a pistol, when Hampton leveled the gun at Andrew Hampton, saying at the time "I'm going to kill you," not dreaming that the gun was loaded, when it exploded, shooting Andrew through the liver, kidneys and spleen.

The accident happened about 1 o'clock p.m. Dr. Alex. C. Hensley, of this city, was summoned to the assistance of the wounded lad, and after careful examination, pronounced the wound mortal.

The wounded lad was about 10 years of age, and the one who did the shooting about 12 years old. The little fellow is nearly wild with grief and fear. The weapon used was a 38 caliber revolver.

Another instance of "didn't know it was loaded."

### WON OUT.

The Frankfort Base Ball Club vanquished the Louisville Stars, on Sunday afternoon, by the score of 10 to 2. There was a big crowd out.

### NEW COAL CO.

The Frankfort Coal, Fuel and Feed Co. (J. B. Utterback, H. R. Currens and L. G. Currens, incorporators), has been formed and filed articles of incorporation in the county clerk's office on Monday.

It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornell, Conn.

### A BEAUTIFUL PLACE.

We visited the Frankfort Cemetery, on Sunday last, and were surprised to see how splendidly the grass has recuperated from the effects of the drought. Everything looked as green and fresh as springtime. That beautiful city of the dead is in fine trim and reflects credit upon the careful management of Mr. Henry M. Craik, the efficient superintendent.

There is no prettier cemetery in the State, Cave Hill, not excepted.

### DEMOCRATIC HEADQUARTERS.

The Democratic Campaign Committee have opened headquarters in the office of County Judge J. H. Polsgrove, and are open night and day.

### BEAUTIFUL COMPLEXIONS.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion free from sores, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion. 50¢ at Paul B. Weitzel's.

### OPENED HEADQUARTERS.

The Republican Campaign Committee of this county has opened headquarters in the Todd building, at the St. Clair street bridge, and request their friends to call at any time. The headquarters will be open both day and night.

### RETURNED FROM CAMP YOUNG.

Companies A and E, Kentucky National Guards, of this city, Capt. F. L. Gordon and Capt. W. C. Littlekemper commanding, who have been at Camp Young, for the last two weeks, returned home on Sunday morning last at 4 o'clock, on a special train.

The boys had a taste of real campaign work and now know more about real soldier life than they would have acquired in years of service in ordinary State encampments. They were up against the real thing.

The great number of dyspepsies is increasing daily. This is due to hurried eating and lack of care in selecting proper food.

There is nothing more effective to the rundown digestive organs than pure pepsin, and white pepsin, the combined action of the two digestive organs, a tonic, such as pure port wine, is also necessary to keep them in this condition.

Walther's Peptonized Port, to be found in all drug stores, combines the best properties of the purest pepsin and the best port wine. It is highly recommended by thoughtful physicians. For sale by J. W. Gayle, Frankfort, Ky.

Small size 50 cents, large size \$1.00.

### SPLENDID SPECIMEN.

On Saturday last Mr. Fred Sutler, of the Frankfort Ice Co., took up and carried to the greenhouse of Mr. Ed. Powers, one of the finest specimens of the tree. It has ever been our fortune to see. It is two years old and measured, to the top of the highest leaf, about fifteen feet. It was about six feet in circumference at the base.

Hammond & Co.  
Wilkinson St.  
Frankfort, Ky.

### MEETING OF EBENEZER PRESBYTERY.

The Ebeneezer Presbytery of the First Presbyterian Church, of which the First Presbyterian Church of this city is a member, held its fall meeting in this city on Monday last, adjourning at a late hour in order to permit the members of that body to attend the Synod at Hopkinsville on Tuesday afternoon. The following ministers were in attendance: Rev. W. C. Condit, D. D. of Ashland; Rev. Dr. J. J. Blackburn of Covington; Rev. J. P. Whitehead, of Newport; Rev. H. P. Cory, of Flemont; Rev. J. N. Ervin, of Dayton; Rev. F. Fithian, of Paris; Rev. E. O. Kirkwood, D. D., of Lexington; Rev. G. A. Jophin, of Mt. Sterling, and Rev. J. McClusky Blayney, D. D., of this city.

Much important business was transacted and the reports showed a gratifying advance along all lines of evangelical work.

### POWERS AND HOWARD TAKEN TO LOUISVILLE.

On Wednesday morning, at 11:20 o'clock, Messrs. Caleb Powers and Jas. B. Howard, under sentence for assassinating Senator Wm. Goebel, were brought here and lodged in jail to await the 3:30 p.m. train, and were then taken to Louisville and placed in jail to await the action of the Court of Appeals.

Why they were not taken straight through to Louisville over the Louisville Southern road is a question that has been asked.

### Kodol Dyspepsia Cure "Digests what you eat."

### WEDNESDAY'S BLAZE.

At 11:10 on Wednesday morning an alarm from box 123 called the firemen to the residence of Judge Ed. C. O'Rear, corner of Fourth Avenue and Main streets, South Side where there was a blaze in the detached laundry room. The building, which was frame, was gutted, but the damage was small.

## .. DEATHS ..

ROBSON — In LaGrange, Oct. 12th, 1903, Mr. Joseph Clark Robson, in the 76th year of his age. He was a native of Franklin county, having been born in the city of Frankfort and lived in Franklin county and Frankfort until a few years ago, when he sold his farm near South Benson and removed to LaGrange. As a young man he was the friend and companion of Senator Vest, of Missouri, both young men serving their apprenticeships at the carpenter's trade together. Among various buildings they worked upon, one was the Kentucky Military Institute when first erected. Mr. Vest's father being the contractor. Until death the Senator had no more ardent admirer in his adopted State than was Joe Robson.

He married the daughter of the late James Milam (the widow of Allison Lynn, sheriff under the old Constitution previous to 1862, after which sheriffs were elected by the people). His widow and five children survive him.

Mr. Robson was a man of remarkable versatility, a greater reader and possessed of a remarkable memory. Was probably more conversant with the political history of the State and Nation and familiar with the chronology of the country and the biography and personal history of its political celebrities for the past sixty years, than any man in Kentucky. He was true to his obligations in all relations of life—a devoted and loving friend—no act of kindness was ever shown him which he forgot. Neither was any opportunity to show one to another neglected. He was a member of the Presbyterian Church, and died in the hope and assurance of the Christian religion, expressing his willingness to depart and be at rest from the torturing agonies of lingering chronic rheumatism—that most painful, hopeless and protracted illness. Another old citizen is gone. So few of his friends are left. Soon all shall have joined him and passed over the river to "rest under the shade of the trees."

SULLIVAN—The infant child of Mr. Jas. A. Sullivan and wife died on Monday morning, aged only a few days.

Deep sympathy is felt for the bereaved.

HARPER—At the home of her parents at the Forks of Elkhorn, on Monday, Miss Fannie Harper, daughter of Mr. Jacob Harper and wife, aged 44 years, of consumption.

She was a lovely and sweet young girl, just budding into womanhood. Sincere sympathy is felt for the bereaved ones.

SULLIVAN—In this city, on Saturday morning, to Mr. J. A. Sullivan and wife—a daughter.

BUSH—On High View, to Mr. Lee Bush and wife—a son.

"IT GOES RIGHT TO THE SPOT."

When pain or irritation exists on any part of the body, the application will give prompt relief. It goes right to the spot. It is an old man who was rubbing it in, to ease his rheumatism. C. R. Smith, Proprietor, Texoma, Texas, writes: "I have used it in my family for several years, and have found it to be a fine remedy, for all aches and pains, and I recommend it for pains in the throat and chest," 25c, 50c and \$1.00 at Paul B. Weitzel's.

HON. JOHN W. YERKES.

The Republicans of this city and county will hold a rally at the Opera House, in this city, on Tuesday afternoon next, October 20th, at 2 o'clock. Hon. John W. Yerkes, of Washington City, will be the speaker of the day. He is an eloquent and pleasing orator. He indulges in no abuse of any one.

Everybody is invited to hear him. He should have a big audience.

### STAMPING GROUND.

Mr. J. Willis Calvert, son of Mr. W. O. Calvert, is quite ill with pneumonia.

Mr. Quiney Whitton, of Rushville, Ind., is visiting relatives here.

Mr. Davidson, of St. Louis, Mo., is visiting his parents in our town.

The citizens of our town have nominated the following gentlemen as candidates for town trustees to be elected next month: W. H. Oldham, J. L. Honaker, J. L. Johnson, J. C. Hambrick and Ben Oldham.

The drought has at last been effectively broken. The heavy rains have softened the ground and thoroughly saturated it. The ground has about all the soil now. The grass is getting as green as spring time. A few more days of warm weather will make fine fall pasture.

The Ladies Aid Society of the Baptist Church have done a vast amount of improving on the interior of their church, new and new carpet and wall paper, painted walls and ceiling papered. They will put in another stove and their work will be done. U.N.O.

### THE TAMING OF THE SHREW.

Mr. Chas. B. Hanford and his superb company presented Shakespeare's delightful comedy, "The Taming of the Shrew," at the Johnstown Opera House last night and scored one of the most notable triumphs of the present theatrical season. The audience was a large one and it was thoroughly appreciative of the marked cleverness with which Mr. Hanford portrayed the character of Petruchio and the capable manner in which Miss Marie Drofnah carried the difficult role of Katherine, the shrew. There were half a dozen or more most enthusiastic curtain calls and these served to show that the audience was quick to note the distinct merit of the production. Mr. Hanford, who has appeared frequently in this city in other high class plays, was never seen to better advantage. There was snap and ginner and consummate skill displayed in every moment of play time. Miss Drofnah not only played her part strongly and intelligently, but she looked it and she justly shared the fine honors which the audience voted. Caryl Gillin, as Grumio, Petruchio's serving man, was decidedly entertaining, his lines being carried capitally and his splendid work found full appreciation.

The whole cast was good and the details in costuming were carried out faithfully. "The Taming of the Shrew" was preceded by the presentation of a one-act piece, entitled "The Old Guard," in which Mr. Hanford was given an opportunity to display his rare versatility as an actor.

### A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way to remove a woman's sallow complexion is by purifying her complexion, by purifying the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and bad poisons. The green, angular flowers act directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single teacupful of flowers has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25 cents; regular size, 75 cents. ### BANKERS OF KENTUCKY.

Invited by Exhibit Association to Hold the 1904 Meeting at Kentucky Building on World's Fair Grounds.

During the eleventh annual meeting of the Kentucky Bankers' Association, held at Hopkinsville last week, an invitation was extended to the organization by the Kentucky Exhibit Association, through its Secretary, to hold the meeting next year in the Kentucky State Building at the World's Fair in St. Louis.

As the next place of meeting is always settled by the executive committee the invitation was referred to it. The sentiment of the bankers present favored the acceptance of the invitation by the committee, so the next meeting of Kentucky's heads of financial institutions will most likely be held at the exposition grounds in the Mound City.

The Kentucky Bankers' Association was the first organization in the State to endorse the movement inaugurated by the Kentucky Exhibit Association, looking to the erection of a Kentucky Building and full display of the State's products and resources at the great World's Fair in 1904. The resolution adopted then provided for the appointment of a committee to help raise the fund for the purpose. The report of the work done by the committee during the year was made by the Secretary of the Exhibit Association at the Hopkinsville meeting. It showed that fifty banks and trust companies have already subscribed, the amounts ranging from \$15 to \$500, according to the capitalization of the institution. The total so far received from the bankers was reported at \$4,000, so it may be said that a large part of the Kentucky Building at the Louisiana Purchase Exposition is "Part Theirs."

At the conclusion of the report, all bankers present who represented concerns who had not contributed to the fund were asked to take up the matter immediately upon their return home with their board of directors. It is believed that before the subscription list of the Exhibit Association closes at least \$2,000 more will be contributed by banks and trust companies not in the list at this time.

The railroad rates in effect during the World's Fair will be so low from Kentucky points that the trip can be made cheaper to St. Louis than to any city or town in the State where the 1904 meeting might be held. The visit to St. Louis will also have many inducements to offer, for everyone wants to see the exposition. There is hardly any doubt about the attendance being the largest in the history of the Association on this account.

Official World's Fair photographers appointed since the last report by the Kentucky Exhibit Association are as follows: Nicholas county—E. R. Martin, Carlisle; Fayette county—J. P. Phillips, Versailles; Boyle and Garrard counties—E. H. Fox, Danville; Madison county—C. I. Ogg, Berea; Bath county—John J. Coyle, Owingsville; Hart county—J. M. Joyce, Bonniville.

People thus ailing should try with the following treatment by J. W. Gage, Frankfort, Ky. It combines the richest old port wine with the very best of pepsi. It creates a natural appetite, tones up the stomach, cures dyspepsia and indigestion.

Many physicians prescribe Walther's Peptonized Port when their patients need a dependable tonic.

### POTTERY IN OPERATION.

Visitors to the Kentucky Mineral Exhibit in the Mines and Metallurgy building at the World's Fair in St. Louis next year will have the pleasure of seeing a miniature pottery in full operation. J. A. Bauer of Paducah, who operates a large pottery at which is made white earthenware jars, jugs, etc., has applied to the Kentucky Exhibit Association for space in the clay exhibit to place a man and jugs to turn out jugs and other wares throughout the exposition. He promises to send a skilled man who can make his work both attractive and entertaining. Mr. Bauer uses three clays from McCracken and Graves county.

### PICTURES OF EVERYTHING.

Nothing at the Exposition attracts and holds the eye of the visitor more than photographs, and the Kentucky Exhibit Association, which is to erect the Kentucky Building and make a display of the State's products and resources at the World's Fair in St. Louis next year, has been taking in carrying into effect plans that give a wide recognition of this fact. It has appointed an official photographer in every county in the state to secure for the Kentucky Building and various exhibits to be made in the large palaces of the Exposition pictures of everything noteworthy and of interest. It is to give credit to every photographer on every picture furnished by himself.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was at a awful confound. My skin was pale and yellow, eyes sunken, tongue coated, pain continually in back and sides no appetite, growing weaker day by day.

## LATEST FASHION NOTES.

### Long Coat of Black Taffeta.

This long coat of black taffeta is lined to the waist with white taffeta, and unlined from the waist down. The three capes are unlined and are most effectively stitched with white Corteil stitching silk. The front can be left fly open or closed, giving the garment a semi-tight appearance. A handsome finish is given to the fronts which are faced with four inch bands of taffeta covered with cream tinted lace. A cord and tassel tied in a knot finishes the neck, which has a standing collar which slopes down at the front.

Capes on long coats are very smart just now, double and often triple capes appearing just below the velvet collar. These coats are very carefully fitted about the shoulders although for the rest they seem somewhat shapeless. The capes are often faced with silk, sometimes white with black dots and sometimes a solid color with white dots. These coats are often of white, or of tan, or of dark blue, and are very useful as well as smart.

## THE OCTOBER CRITERION

### A St. Louis Exposition Number.

The October Criterion is a special world's Fair number and is devoted chiefly to entertaining articles, completely illustrated, which treat of the vast scope of the St. Louis Exposition. The President of the Exposition, Hon. David R. Francis, gives a brief survey of the field from the executive point of view, and the most important phases of the different departments are discussed authoritatively by men and women in close touch with them. St. Louis: It's Relation to the Exposition. By William Llewellyn Saunders, Secretary to the Business Men's League, is a most interesting contribution. In addition to these special features, there are many pertinent and helpful suggestions as to the best means of travel, lodgment in St. Louis, how to see the Fair with a view to economy of strength as well as of purse, and on other practical matters. Portraits of the leading Officials, Buildings and Sculpture, render this issue most attractive and valuable.

Aside from the purely Exposition features, there are a goodly number of excellent short stories and poems by familiar authors, and the usual quota of current horseracing. The cover, a handsome design in colors, symbolic of Progress, is drawn by John Cecil Clay. THE CRITERION PUBLICATION CO., 155 Fifth Ave., New York City. One Dollar a Year. 10 Cents a Copy. For Sale by all Newsdealers.

### ATTENDED IN A BODY.

Capital Lodge No. 6, I. O. O. F., attended service at the First Baptist Church, in the courthouse, on Sunday morning last, in a body. Rev. M. B. Adams, the eloquent and able young pastor, delivered a sermon appropriate to the occasion, his theme being "Friendship, Love and Truth," in which he forcibly and earnestly commended the work of that noble order, but enforced the truth that all human excellence fell short of its highest result unless dominated by humble faith and reliance upon the Savior of the world.

## FRENCH LICK AND

## WEST BADEN SPRINGS

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that Louisvillians often spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

This splendid wooded hills with the cool, invigorating air of these highlands, where one can enjoy rambles in the depths of the forest, or rides and drives among the numerous streams, is a favorite pleasure picture for those who desire rest and quiet while at the splendid and famous one can have all the entertainment and social pleasure possible in the most fashionable resorts.

"THE TWO JOHNS."

On next Monday, October 19, at the Capital Theatre, we are to have a review of that very funny sketch farce, "The Two Johns," by J. C. Stewart. When first produced this comedy was one of the best and most successful on the road, and undoubtedly those who have seen it will want to see it again because it has always been clean, witty and full of those vulgar situations that seem to predominate in the forces of to-day.

The different characters, from the two fat cousins down to the policeman, will funny, and plenty of pretty girls to help in the singing and dancing.

This comedy has been continually presented for ten years in this country and has toured England and Europe, and for the past ten years, and now returns to us for another tour. There certainly must be merit in a play to have such a continuous run of prosperity.

#### SPECIAL REGISTRATION DAYS.

Under the State law there will be three days of next week in which those who have not registered can attend at the county court clerk's office and do so, provided they can show the following circumstances:

1st. That they were out of the city during the hours of registration on the regular day.

2d. That some member of their family was sick and required their attention.

3d. That there was a death in their families which prevented their attendance.

The special days will be Monday, Tuesday and Wednesday, Oct. 26th, 27th and 28th. 6-2w.

## ANCIENT TORTURE

How it has been Revived in Modern Times.

An ancient method of poisoning criminals was to force them to swallow large quantities of bull's blood. Bull's blood is really no poison at all. Yet the prisoner usually dies in agony. This was caused by the coagulation or hardening of the blood in the stomach. The pressure of this solid mass on the heart, lungs and other vital organs almost always resulted fatally.

That's just like indigestion. If your food doesn't digest it remains in a hard lump in the stomach. Gas forms, which crowd and sometimes actually displace other organs. Many cases of supposed heart disease are due to indigestion. The pressure upon the lungs interferes with breathing. Aids digestion, however, is impossible.

By the use of such a preparation, as Kodal Dyspepsia Cure all this trouble is removed. Before food can be assimilated into the system it must be reduced to proper condition by the digestive fluids. If any of these fluids are lacking, peristalsis is impossible. Kodal Dyspepsia Cure supplies the missing fluids. Stomach troubles can't be cured by dieting. The system demands both a sufficiency and a variety of food. You can't get well or stay well without it. Kodal Dyspepsia Cure enables the stomach to take care of any kind of good food. It renders dieting unnecessary. It digests what you eat. In this way it rests the stomach. This rest soon restores the stomach to perfect health.

Kodal Dyspepsia Cure helps the children too. Weak and sickly little ones thrive on it. It never fails.

"During the last few years my stomach was in such condition that I couldn't retain the food I ate," writes Henry Williams, of Bellville, Mo. "Two months ago I commenced taking Kodal Dyspepsia Cure. A few bottles have cured me entirely. I can now eat and enjoy anything I want."

### FINAL RESULT OF CANVASS FOR KING'S DAUGHTERS HOSPITAL.

The canvassing of the city by the King's Daughters for the new hospital building fund has been completed.

The amount of money raised, since the new hospital movement was started, aggregated \$3,546.57. Out of this amount \$800 has been paid for a lot, leaving \$2,746.57 in the building fund. About \$3,000 remains to be raised, and it is hoped that, through contributions yet to be made, and from the proceeds of entertainment, the deficit will soon be met. Many people have not been heard from, but the following is a complete list of subscriptions received up to the present time. Further donations may be sent to Mrs. John W. Charming Neglige of Peau De Soie.

Every woman appreciates a pretty negligee and nothing could be more charming than this creation of peau de soie, trimmed with heavy guimpure lace in the new champagne tint. The front is mouseline de soie, shirred over heavy cords at intervals. The neck is round, not very low. The fronts of the negligee are loose and fall away from the sides where they are tucked at the under arms seams. The plait in the back falls from the neck and is embellished with an elaborate design of lace. The sleeves are

finished with a cape-like face at the top and a full mouseline de soie undersleeve ending in a deep cuff of peau de soie. The modes carried out in any of the champagne tints, white, oriel or pale rose. The best material to use for such a garment is crepe de chine or peau de soie which combined with the use of Corticelli sewing in silk will invariably result in a dainty little negligee.

Red is still a favorite color for hats, red tulie hats trimmed with poppies being quite the thing. A black tulie hat, worn well back on the head has for its principal trimming two very large spread white wings. A hat of fancy straw for young girls may be bound with velvet and have a large white pompon on one side. The turban is very popular, the brim often being covered with flowers and sometimes being left plain, or with a stiff wing on the side.

DO GOOD—IT PAYS.

A Chicago man has observed that, Good deeds are better than real estate decisions, the latter are worthless. Act kindly and generously, show sympathy and lend a helping hand. You can not possibly lose by it. Most men appreciate a kind word and encouragement more than substantial help. There is a man in this community who might truthfully say: "My good friend, cheer up." A few doses of Chamberlain's Cough Remedy will rid you of your cold and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it, for it has helped me out many a time. Sold by all druggists.
